

# JAPANESE GANSAI 8 COLOR SET

**NEW!**

8 Color Authentic Japanese Gansai set

Semi-opaque paints made with vibrant, high-grade, finely ground pigments

Gansai watercolors are intended for washi paper but work well on all watercolor papers. Gansai can be mixed with sumi inks as well as watercolors or water-based inks. The unique binder allows color to bond to washi paper so it won't smudge once dry.

Colors selected by artist Karen Elaine for unlimited color mixing capabilities. Includes 2 metallic colors for highlights!

Contains 2 metallic colors and 6 solid colors:

Metallic: pearl gold, pearl silver. Solid: light yellow, cerulean blue, orange, blue green, magenta, deep indigo.
